by Solair

The Wall-Mount market is valued at over one billion dollars annually. Replacing aging systems is a business within itself, but let's take a look at other opportunities to carve out your niche in the marketplace. Creating value for your customers and increasing loyalty to your business.

On this project the contractor spent an extra \$5,800.00 in labor and materials, instead of using a system from Solair.

In addition to poor physical appearance this system is vulnerable to coil theft and vehicles in the parking lot.

There's just not really much to say about this application.

Quiet. Efficient. Attractive.

Here's an example of a clean, safe, aesthetically pleasing Solair application. This limits exposure to coil theft and provides for easy maintenance.
